

Retouching Services

Nobody is perfect, so let our expert artists put their finishing touches on your photos and erase the little hassles that seem to only crop up during a photo shoot. You can apply retouching options to any photo when you order one or more prints of that photo. If you order more than one print of a particular photo on the same order, then you are only charged once for retouching on that photo.

Mounting and Canvas

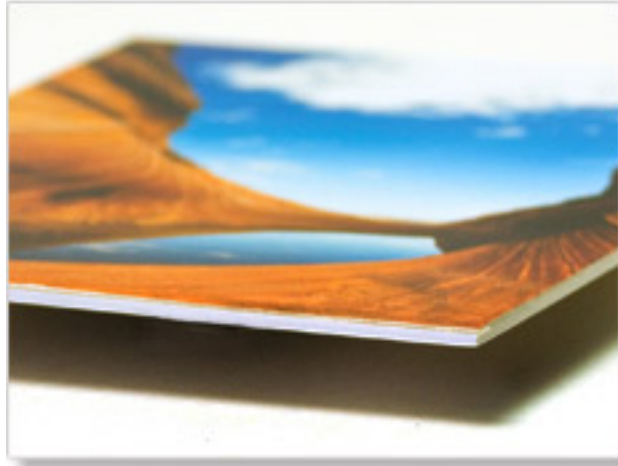

Single and Double Weight Matboard

Mounting your print on matboard not only gives the print extra support, but it also helps preserve the value of the print over time. Our single-weight matboard is 1/16" thick and our double-weight matboard is 1/8" thick. **This product is meant for framing. The print and mounting material do not match perfectly in size. Also, the mount can warp if not framed.**

Canvas on Matboard

Give your prints gallery-level quality with our canvas bonded to matboard. The canvas provides the rich texture for your print and the matboard gives it a sturdy backing that prepares it for framing or other types of display. **This product is meant for framing. The print and mounting material do not match perfectly in size. Also, the mount can warp if not framed.**

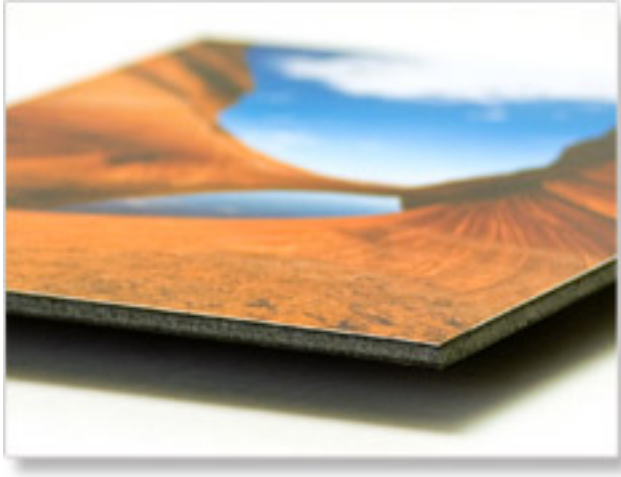

Canvas on Stretcher Frames

For even more texture and sturdiness have your print bonded to canvas and then wrapped on a wooden stretcher frame. Our stretcher frames are 3/4" thick.

Foam Core

Have your image mounted on 3/16" Foam Core for a little extra support. When ordering Foam Core mounting please note that Foam Core has an unfinished, slightly rough edge. **This product is meant for framing. The print and mounting material do not match perfectly in size. Also, the mount can warp if not framed.**

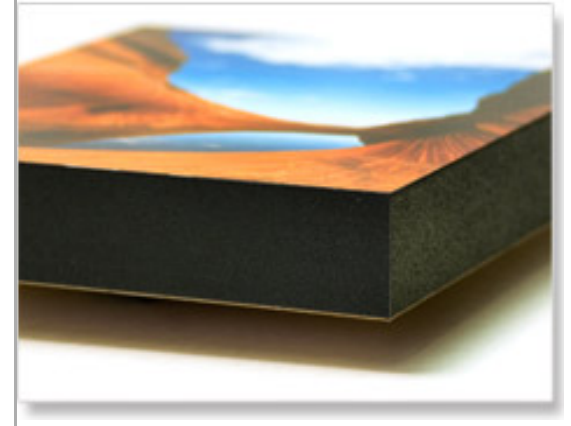

Canvas Gallery Wraps

Canvas Gallery Wraps are printed on premier art canvas substrate and wrapped around a 1.5" wooden stretcher frame. Gallery Wraps come ready to hang and are perfect for displaying your work in a gallery, office, home, or anywhere.
