5iveStar Media Productions provides professional videography services in the Northern Virginia, Maryland, Washington DC, Delaware and the Eastern Shore areas. With four locations to serve you, you can visit one of our studios, or have us meet you at your home or office. We can also mail you a DVD of an actual Wedding/Reception upon request.

Why you should select 5iveStar Media Productions to capture the memories of your special day:

1. **Our experience**: 5iveStar Media Productions has filmed over 2,300 Weddings and the company was founded in 1997.
2. **Fast professional editing turnaround**: Utilizing multiple HD cameras on each shoot, we provide a very fast turnaround in completing the editing process. While we can't provide a one-day turnaround and delivery, we do offer a one-week turnaround on our Basic Package and a four week turnaround on our Deluxe Package. (Based upon the date in which we receive the final balance and any required photos/music from the Bride & Groom).
3. **Professionalism plus personality**: Your Wedding should be a day of joy and we will love to mix and mingle with your family and friends. We strive to make you feel confident and comfortable on your special day because we love what we do. Read our reviews and you will learn that we end up feeling like a part of your family.
4. **The 5iveStar pledge**: All 5iveStar videographers and editors have professional cinematographer training and certifications. We are a team of true professionals and committed to providing you with the best product at the best price.
5. **Our prices**: Compare our prices and we think you will find them to be very, very competitive. As our corporate office is in DE, there is no state sales tax added to the price of your contract. There are no hidden fees for travel, parking, tolls or anything else.

and recently selected a Couple's Choice Award winner for 2018

Contract Terms and Conditions

Services

5iveStar Media Productions LLC shall provide videographer services for the event specified on the customer selection form (attached to this contract). It is understood that this contract is for professional services that are of an artistic nature and accordingly 5iveStar Media Productions LLC shall have full and complete authority to film and edit, when editing is included in the package selected, their choice of scenes into the final edited/delivered product.

Special Circumstances

- a. Should the Bride/Groom request that no wireless microphone be used during the ceremony; the audio quality may be degraded.
- b. Should the Bride/Groom request that no on-camera lighting be used during the reception; the DVD quality could be degraded.
- c. Any restrictions placed upon the videographer(s) by the priest/minister/rabbi/officiate at the Wedding Ceremony may result in negative implications for the quality of the DVD.
- d. Difficult lighting conditions at the location(s) of the Wedding and/or Reception facility could have a negative impact upon the quality of the DVD.
- e. The Basic Package and all raw/unedited footage provides audio captured directly by the camera; which may result in the audio level being too low or too loud in certain areas as it will not be edited/balanced by 5iveStar Media Productions

File Retention

5iveStar Media Productions LLC shall retain the edited version on file for a period of thirty (30) days after customer's receipt of final/delivered product. Customer(s) must report any problems or issues with the delivered product during that thirty (30) day period. 5iveStar Media Productions LLC shall remove the edited version from their files after the thirty (30) day period; and any further/additional changes after that date will not be possible. 5iveStar Media Productions LLC will retain all raw footage for only one year following the Wedding. That one year time period for retention applies to both completed/delivered jobs, and also to those jobs where the Bride/Groom did not pay the balance and/or proceed forward with having the video edited. Accordingly, 5iveStar Media Productions LLC cannot guarantee that your footage will be available for editing unless the customer submits all required payment, photos and music, within that one year time period following the date of the Wedding.

Consideration and Payment

A deposit of approximately 50% of the total contract price is due at contract signing and shall be non-refundable. The remaining balance of the contract price must be received by 5iveStar Media Productions LLC two weeks prior to the Wedding. On all packages, the final balance must be paid prior to 5iveStar Media Productions LLC sending the completed DVD(s).

The customer's "returned" or "cashed" deposit check and a receipt of a signed/ratified copy of this contract shall serve as confirmation and acceptance of this contract by 5iveStar Media Productions LLC.

Editing (when applicable)

Photos for the photo montage sections in the sequence which they are to be shown (actual photos or .bmp/jpeg image files on a CD), music for the photo montage sections (actual music CD, or .wav/.aiff files on a CD), and the final balance must be provided prior to 5iveStar Media Productions LLC initiating any editing on these items. Any delay the customer's part in providing the required photos, music, and remaining balance will impact 5iveStar Media Productions LLC ability to produce the DVD(s) in a timely manner (normally completed within 4-8 weeks of 5iveStar's receipt of all required items). Should the customer not provide the required photos/music/balance to 5iveStar Media Productions within 8 weeks of the event, 5iveStar Media Productions LLC shall require a matching/extended length of time to edit/produce/deliver the completed DVD's.

Photo Montage for Rehearsal Dinner and/or Reception

Should the customer(s) select to have a photo montage produced for showing at the rehearsal dinner or reception, the customer(s) must have all required photos/music to 5iveStar at least thirty (30) days prior to the event due to the time required to complete the editing/production. Should the customer(s) not provide the required items thirty (30) days prior to the event, the editing/production may not be completed in time to be shown at said event.
